Business Report

(April 1, 2017 through December 31, 2017)

The Company has changed its fiscal-year end which used to be March 31 to December by obtaining the approval in the Annual Ordinary General Meeting of Shareholders hed on June 28, 2017.

For this reason, this consolidated financial year is transitional period, and the Company, and Consolidated Subsidiaries the end of fiscal year of which is March, irregularly settled the accounts with nine months period from April 1 to December, 2017. Also, for the purpose of comparison to the last year, the financial figures of the same period in the last fiscal year resulted from consolidation of the profit and loss of the Company and Subsidiary for 9 months are used. The financial figures of the same period of last fiscal year are reference figures which are not audited.

1. Present Status of the Corporate Group

(1) Status of Business for the Current Consolidated Business Year

The Japanese economy for this consolidated fiscal year gradually recovered by the steady demand of overseas due to the expansion of global economy, and also improvement of domestic demand by recovery of domestic consumption due to rising stock market, and robust housing investment because interest rates continue to be low. As for global economy, employment index and corporate performance in North America remains steady and China and developing countries such as ASEAN, in general, showed steady movement.

Looking at the car industry to which this Company belongs, the volume of domestic car production increased compared to the same period of last year as a repercussion to the discontinuation of car production caused by the earthquake in Kumamoto prefecture in 2016. Looking at ASEAN, the total car production in the three ASEAN countries increased compared to the same period of last year because of the recovery from consumers sentiment of hesitating of buying after the decease of the King of Thailand. The trend of car production in Indonesia was same as the same period of last year, but decreased in Malaysia compared to the same period of last year due to poor domestic car sales. As for China, car production increased compared to the same period of last year supported by the steady economy in China.

Under those circumstances, both the revenue and the profit increased compared to the same period of last year, mainly owing to the growth in orders received in Japan and performance recovery of overseas affiliated companies in ASEAN. On the other hand, additional loss on valuation is recorded because the method of inventory assessment was partially revised as a result of the Company's becoming a consolidated Subsidiary

of Valeo. As a result, the revenue was 94,070 million yen (same period of last year 82,144, 14.5% increase compared to the same period of last year), operating income was 3,971 million yen (same period of last year 2,721 million yen, 45.9% increase compared to the same period of last year), ordinary income was 4,660 million yen (same period of last year 3,061 million yen, 52.2% increase compared to the same period of last year), and net income attributable to parent company shareholders was 3,792 million yen (same period of last year).

With respect to the results by each segment for Automotive-Parts business, the revenue and profit has increased mainly due to the steady increase of orders received in Japan and the performance recovery of overseas affiliated companies in ASEAN. The revenue was 87,318 million yen (same period of last year 75,905 million yen, 15.0% increase compared to the same period of last year) and operating income was 4,201 million yen (same period of last year 2,838 million yen, 48.0% increase compared to the same period of last year).

For After-Market business, the revenue was 6,411 million yen (same period of last year 5,934 million yen 8.0% increase compared to the same period of last year), operating loss was 259 million yen (same period of last year operating loss of 137 million yen). For other business, the revenue was 1,551 million yen (same period of last year 1,403 million yen, 10.5% increase compared to the same period of last year) and operating income was 38 million yen (same period of last year operating loss of 1

Regarding the dividends, considering that returning profits to shareholders is an important management issue, stable and continuous distribution of dividends with a view to long-term prospects is our basic policy.

Regarding dividends for the fiscal year ending December 2017, the interim dividends was 2.50 yen per share, and for the 3 months period of Oct.1 to Dec.31, 2017, the year-end dividend is 1.5 per share, which makes the annual dividends 4 yen.

The investment of 16.4 billion yen to establish a new plant in Morinosato, Atsugi-shi, Kanagawa, for production of automotive lamps was approved by the Board of Directors on Sep. 1, 2017 (area approx. 64,000 m², start of operation in July 2019). The aim of the new plant is, by utilizing the innovative production technology concept developed by Valeo, to improve the effectiveness of production, achieve the growth in line with medium-term target and to improve business continuity management, etc.

(9) Challenges Facing Ichikoh

The Mission of our Company group is "Reflect and Shine: Create a driving environment that feels safe, offers more protection, and provides more comfort," and the Vision is to "continuously endeavor to become a corporation that satisfies both customers and society by pioneering the frontiers of technology and supplying optimal solutions which being ecologically minded."

Given the prospects of the volume of automobile production, which is the market of our Company group, the domestic market tend to be reaching the limit due to the declining birthrate and aging society, and the expectation of demand increase due to increased production volume comes from China and ASEAN. Under the circumstances, in Japan, we will utilize our high technology development capabilities and seek to grow by increasing added value such as use of LED (light emitting diode) as light source and replacing cameras with mirrors. Meanwhile, in overseas such as ASEAN and China, the Company group's growth strategy is to capture the demand, including that comes from increased production volume, while taking advantage of the high level technical expertise cultivated in Japan.

Recently, the functions required for automotive parts such as those required from the progress of automatic driving technology are becoming more diversified, and it seems that big changes will happen at a faster speed than ever before. Among them, the bipolarization of components with high added value and low cost is expected to progress further, and thus we need to speed up the pace not only for research and development of products, but also for development of manufacturing technology for low cost production.

In order to carry out these growth strategies and deal with the issues, we will utilize collaboration with Valeo, our parent company, to jointly develop new products such as electronic mirrors and products responding to automatic driving, and to reduce cost from joint procurement and joint research, taking full advantage of scale merit, and we are acquiring additional market share in the global market through aggressive marketing activities, expanding our customer base and strengthening geographical complementary relationship.

In addition, by establishing and operating the internal control system to secure credibility of our financial statements and to structure the risk management system and to eliminate the conflict of interest, the company will improve compliance awareness of all people engaging in the business of our Company group to fulfill our social responsibility as a corporation.

We would appreciate your continuing support and cooperation as shareholders.

Ichikoh Industries, Ltd. Board of Directors

> Ernst & Young ShinNihon LLC Yoshihisa Fukuda, CPA [Seal] Designated Limited Liability Partner Executive Partner

Keiichi Wakimoto, CPA [seal] Designated Limited Liability Partner Executive Partner

We have, pursuant to the Company Act, Article 444-4, audited the consolidated financial statements of Ichikoh Industries, Ltd during the consolidated fiscal year from April 1, 2017 to December 31, 2017, which are comprised of the consolidated balance sheet, the consolidated income statement, the consolidated shareholders equity statement, and the notes to consolidated financial statements.

Management's Responsibility on the Consolidated Financial Statements

Management's responsibility is to prepare and present in fair manner these consolidated financial statements in accordance with generally accepted accounting principles in Japan, and this responsibility includes designing and operating such internal control as management determines it necessary to enable the preparation and fair presentation of the consolidated financial statements that are free from material false statement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion from an independent position on these consolidated financial statements based on our audit. We conducted our audit in accordance with generally accepted auditing standards which are considered as fair and appropriate in Japan. Those standards require us to prepare a plan and perform the audit based on such plan to obtain reasonable assurance that the consolidated financial statements are free from material false statement.

In an audit, procedures to obtain audit evidence about the amounts in and disclosures of the consolidated financial statements are performed. The audit procedures shall be selected and applied, depending on the auditor's judgment, based on the assessment of the risks of material false statement of the consolidated financial statements due to fraud or error. The purpose of an audit of the consolidated financial statements is not to express an opinion on the effectiveness of the entity's internal control, but in making these risk assessments, the auditor reviews internal controls relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate under the circumstances. An audit also includes the evaluation of the overall presentation of the consolidated financial statements as well as the evaluation of the accounting policies adopted by the management and applicability thereof and the accounting estimates made by management.

We believe that we have obtained sufficient and appropriate audit evidence to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above, in all material respects, conform to the generally accepted accounting principles in Japan and fairly present the status of assets and profit/loss for the period relevant to the above statements of the corporate group comprising Ichikoh Industries, Ltd. and its consolidated subsidiaries.

Interest Relationship

There is no interest relationship between the Company and our auditing firm or executive partners that would require disclosure pursuant to the Certified Public Accounts Act.

- 1. Methods and Subject of the Audit by the Corporate Auditors and Board of Corporate Auditors
- (1) The Board of Corporate Auditors established the auditing policy and the allocation of tasks and, received reports from each Corporate Auditor regarding the status and results of audit, and further received reports from Directors, etc. and the Accounting Auditor regarding the status of performing their duties and asked for explanations when necessary.
- (2) Each Auditor, in compliance with the auditing standards for the Corporate Auditors established by the Board of Corporate Auditors and in accordance with the auditing policy and allocation of tasks, communicated with the Directors, the internal auditing department, and other employees, established an environment for information collection and auditing and performed the audit as follows:
- ① We attended the meetings of the Board of Directors and other important meetings, received reports of the execution of business of the Directors and other employees, requested explanations when necessary, examined important documents related to the decision making, and investigated the operations and assets of headquarters and main facilities. With respect to the subsidiaries, we had communication with and exchanged information with the Directors and Corporate Auditors of the subsidiary and received reports on business from the subsidiaries, as necessary.
- With respect to the resolution by the Board of Directors regarding the implementation of a system required under Articles 100-1 and -3 of the Rules for Enforcement of the Companies Act as the system necessary for ensuring that the business executed by Directors complies with statutes and the Articles of Incorporation and also ensuring the appropriateness of the execution of business by the Company group consisting of the Company and its subsidiaries ("Internal Control ystem) and such Internal Control System implemented in accordance with such resolution as noted in the Business Report, each Corporate Auditor periodically received reports from Directors and other employees about the establishment and operation thereof, requested explanations when necessary, and expressed opinions.
- 3 We monitored and verified that the Accounting Auditor maintains its independent position and conducted fair audit, and received report on the execution of the duties from

the Accounting Auditor and requested explanation as necessary. Further, we received the notice that the Accounting Auditor has been implementing the "System to Ensure the Appropriateness of Execution of Duties" (the matters listed in the Section 131 of the Ordinance on Company Accounting) in accordance with the "Quality Control Standard on Audit" (Corporate Accounting Council October 28, 2005) and requested explanation, as necessary.

Based on the method described above, we reviewed the Business Report, the supplemental schedule thereof, financial statements (balance sheet, income statement, shareholder equity statement, and notes to the financial statements) and the supplemental schedule thereof, and consolidated financial statements (consolidated balance sheet, consolidated income statement, consolidated shareholder equity statement, and notes to the consolidated financial statements) covering the current business year.

- 2. Audit Results
- (1) Results of Auditing the Business Report, etc.
- ① The Business Report and the supplemental schedule thereof are found to be in accordance with statutes and regulations and the Articles of Incorporation, and properly indicate the status of the Company.
- ② No fraudulent act nor material fact in violation of statues, regulations, or the Articles of Incorporation was found regarding the execution of business by Directors.
- ③ It was found that the contents of decisions of the Board of Directors regarding the Internal Control System are proper. Further there is nothing to point out as a concern in the statements in the Business Report regarding the Internal Control System or the execution of business by the Directors.
- ④ It was found that the matters to which attention was paid in order to avoid damage of interest of the company regarding transactions with the parent company and the judgement by the Board of Director whether or not transaction may cause damage to company's interest and reasons thereof are proper.
- (2) Results of Auditing the Financial Statements and the Supplemental Schedule thereof We found that the methods of audit used by the Accounting Auditor Ernst & Young ShinNihon LLC and the results thereof are proper.
- (3) Results of Auditing the Consolidated Financial Statements
 We found that the methods of audit used by the Accounting Auditor Ernst & Young
 ShinNihon LLC and the results thereof are proper.
