Ichikoh Industries, Ltd.  
President, CEO, Representative Director  
Christophe Vilatte

### **The status of positive cases for the new coronavirus**

Regarding the PCR test for the new coronavirus, we would like to inform you of the number of positive responders last month as follows.

2022 July result:

- Twenty-six employees, five temporary employees, one technical intern, one part-timer, and two subcontractors at Isehara plant and Headquarters (80 Itado, Isehara City, Kanagawa Prefecture)
- Seven employees and three temporary employees at Atsugi plant (857 Shimofurusawa, Atsugi City, Kanagawa Prefecture)
- Seven employees at Fujioka plant (1467 Higashi-Hirai, Fujioka City, Gunma Prefecture)
- Six employees and three temporary employees at Mirror plant (1360 Fujioka, Fujioka City, Gunma Prefecture)
- Four employees and one subcontractor at Chubu branch (1-117, Hirabari, Tenpaku-ku, Nagoya City, Aichi Prefecture)
- One employee at Kyushu Ichikoh Industries. Ltd. (321-4 Sankomoriyama, Nakatsu city, Oita prefecture)

We checked the persons' activity history and identified people who had contacts with the persons. For those identified, the Company instructed them to stay at home and perform PCR tests, and implemented thorough cleaning and sterilization of the workplace to avoid further infection.

Besides, there is no effect on our production in all of our plants.

We sincerely apologize for any anxiety or concern that this may cause to customers, suppliers, people in the surrounding regions and all the others concerned.

We will further continue to implement all possible measures to limit the risks for our employees from catching the virus, such as frequently washing their hands and wearing masks, and also have made maximum efforts to identify infected or possibly infected employees at the earliest possible stage. We will strengthen those efforts to avoid infection and to secure the safety and health of our employees.
